

Our Daily Bread

God, give us our daily bread
As we all try to make this money
Don't let us meet evil on our ways
Bless our going out and coming in
So, all glory can be yours
Amen

Baba God no let us beg for our daily bread
No let us beg to eat
No let us beg to survive, Oluwa
We look upon you, have mercy
Bless all the bread winners
No let us beg to feed our children

Salute to all the hustlers out there
We all shall not labor in vain
Our struggles shall not end in shame
Prayers of our parents shall prevail
Hey! Don't relent in your struggles
Your time to rest is coming
Now is the time to work hard
Don't be lazy in life
We all shall become successful

Baba God no let us beg for our daily bread

No let us beg to eat
No let us beg to survive, Oluwa
We look upon you, have mercy
Bless all the bread winners
No let us beg to feed our children

Don't be ashamed of your daily work
You will not work in tears
Your hustle shall not end in pain
All your efforts shall be blessed
Hey! Don't cheat people in life
Your time to win is very close
Now is the time to stay strong
Don't be weak in life
We all shall become victorious

Baba God no let us beg for our daily bread
No let us beg to eat
No let us beg to survive, Oluwa
We look upon you, have mercy
Bless all the bread winners
No let us beg to feed our children

No let shame catch you
One day hustle go pay
I say: one day hustle go pay

No let them laugh you because of your work
You get family to feed, stay focused
I am gonna stay focused. Keep my head straight up
I am gonna stay focused. Keep my head straight up
I am gonna stay focused. Keep my head straight up
I am gonna stay focused. Keep my head straight up
Stay focused

Baba God no let us beg for our daily bread
No let us beg to eat
No let us beg to survive, Oluwa
We look upon you, have mercy
Bless all the bread winners
No let us beg to feed our children
